

# Slide 1: Title Slide

**Bazodiac.space**

\*Hybride Astrologie-Plattform: Western-BaZi Fusion\*

**Series A 2027**

\*€5M Pre-Money Valuation | Scaling Global Operations\*

# Slide 2: Executive Summary

## Traction to Date

- **MAU**: 100K (DACH + CEE)
  - **MRR**: €50K
  - **Customer Retention**: 45%
  - **Team Size**: 12 FTE
  - **Runway**: 9 months
- Key Achievement**: Validated product-market fit with 4.8★ average rating and 3x month-over-month growth.

# Slide 3: Market Opportunity

## The \$11.7B Opportunity by 2030

### Market Segmentation

- **Primary**: DACH (€2.3B addressable)
- **Secondary**: CEE + UK + Nordics (€3.1B addressable)
- **Expansion**: China (€6.3B addressable)

### Growth Drivers

- **Demographic Shift**: 80% of millennials use metaphysical data
- **Technology Adoption**: AI-powered personalization demand
- **Cultural Fusion**: East meets West wellness trend
- **Mobile Penetration**: Smartphone-based astrology usage up 300%

# Slide 4: Product Evolution

## Current State (Post-Seed)

- ■ Core Hsia-Kalender algorithm implemented
- ■ 144-Type Matrix functional
- ■ Basic AI narrative layer operational
- ■ DACH market launch completed

## Series A Enhancements

- ■ Vastu & Feng Shui integration (+30% revenue potential)
- ■ Wearable API integration (real-time transit)
- ■ Premium consultation marketplace
- ■ Enterprise wellness platform
- ■ China market localization

# Slide 5: Competitive Moat

## Four-Layer Competitive Advantage

1. **Mathematical Foundation**: Millisecond-precision LST calculations (proprietary algorithm)
2. **Dual-System Matrix**: 144-type Western-BaZi fusion (patent-pending)
3. **AI-Augmented Narrative**: 2M+ combination analysis capability
4. **Data Network Effects**: User data improves algorithm accuracy

## Barriers to Entry

- **Technical**: Hsia-Kalender expertise (5+ years R&D; required)
- **Cultural**: Deep understanding of both Western and Eastern systems
- **Regulatory**: GDPR compliance for sensitive birth data
- **Network**: Partnership ecosystem with wellness providers

# Slide 6: Business Model Evolution

## Current Revenue Streams

- **Subscription Tiers**: €9.99/mo (Free) → €29.99/mo (Pro) → €99.99/mo (Enterprise)
- **Consultation Services**: €199/session (Standard) → €499/session (Premium)
- **API Licensing**: €999/mo for B2B integration

## Series A Expansion

- **B2B Enterprise**: Corporate wellness programs (\$5K-\$50K annual)
- **White-Label Solutions**: Licensing to astrology platforms
- **Data Monetization**: Anonymized insights for market research
- **Premium Features**: Custom calculations, priority support

# Slide 7: Growth Metrics

## User Acquisition Funnel

**\*\*Top of Funnel\*\***: 500K monthly visitors (content marketing)

**\*\*Sign-ups\*\***: 25K monthly (5% conversion)

**\*\*Active Users\*\***: 100K (40% activation rate)

**\*\*Paid Conversion\*\***: 2K (8% free-to-paid)

**\*\*Enterprise Leads\*\***: 50 (0.2% B2B conversion)

## Key Performance Indicators

- **\*\*CAC\*\***: €25 (target: <€20 by end of Series A)
- **\*\*LTV\*\***: €180 (target: >€200 by end of Series A)
- **\*\*LTV:CAC Ratio\*\***: 7.2 (target: >10)
- **\*\*Churn Rate\*\***: 8% (target: <5%)

# Slide 8: International Expansion

## China Market Entry Strategy

### Market Validation

- **Search Volume**: 16x higher for Western signs vs. traditional
- **Cultural Fit**: BaZi deeply embedded in Chinese wellness
- **Partnerships**: 3 LOI from leading Chinese wellness platforms

### Localization Roadmap

- **Q3 2027**: Chinese language interface
  - **Q4 2027**: Local payment integration (WeChat Pay, Alipay)
  - **Q1 2028**: Partnership launches with major platforms
  - **Q2 2028**: Full-scale marketing campaign
- Projected China Revenue**: €200K MRR by end of 2028

# Slide 9: Technology & AI Strategy

## AI-Enhanced Features

### Current AI Capabilities

- GPT-4 powered narrative generation
- Personalized insight synthesis
- Character compatibility analysis

### Series A AI Roadmap

- **Custom Fine-Tuned Models**: Trained on 100K+ user interactions
- **Predictive Analytics**: Life event forecasting based on celestial patterns
- **Real-Time Recommendations**: Dynamic wellness suggestions
- **Voice Interface**: Conversational astrology consultations
- **AI Infrastructure Costs**: €15K/month (targeting 10% of revenue)

# Slide 10: Strategic Partnerships

## Current Partnerships

- **3 Major Accelerators**: Exclusive founder programs
- **5 VC Firms**: Portfolio company access
- **2 Wellness Platforms**: API integration deals

## Series A Partnership Goals

- **Corporate Wellness**: Fortune 500 HR departments
  - **Insurance Companies**: Preventive wellness programs
  - **Fitness Apps**: API integration for holistic health
  - **Mental Health Platforms**: Complementary wellness data
- Partnership Revenue Target**: €100K ARR by end of 2027

# Slide 11: Financial Projections

Series A Target: €5M on €5M Pre-Money → €10M Post-Money

## Revenue Trajectory

- **Current**: €50K MRR (€600K ARR)
- **End of 2027**: €300K MRR (€3.6M ARR) - 6x growth
- **End of 2028**: €1M MRR (€12M ARR) - 20x growth
- **End of 2029**: €2.5M MRR (€30M ARR) - 50x growth

## Unit Economics by 2029

- **CAC**: €15 (improved through partnerships)
- **LTV**: €250 (increased through enterprise tier)
- **LTV:CAC**: 16.7 (industry leading)
- **Gross Margin**: 85% (improved through automation)

# Slide 12: Use of Funds

## €5M Series A Allocation

### Product & Technology (40%): €2M

- AI model fine-tuning and infrastructure: €800K
- China market localization: €400K
- Wearable API development: €300K
- Enterprise platform development: €300K
- Algorithm enhancements: €200K

### Growth & Marketing (35%): €1.75M

- DACH market expansion: €500K
- China market entry: €600K
- Content marketing and SEO: €300K
- Partnership business development: €200K
- Performance marketing: €150K

### Team Expansion (20%): €1M

- Engineering: 4 additional hires (AI, backend, mobile)
- Sales: 3 additional hires (enterprise, partnerships)
- Customer Success: 2 additional hires

- Marketing: 2 additional hires

### Operations & Legal (5%): €250K

- Infrastructure scaling: €100K
- International compliance (GDPR, Chinese regulations): €100K
- Legal and IP protection: €50K

**\*\*Runway\*\***: 24 months to profitability or Series B

# Slide 13: Team Scaling

## Current Team (12 FTE)

- **Engineering**: 5 (CTO + 4 engineers)
- **Product & Design**: 3 (Lead Designer + 2 PMs)
- **Growth & Marketing**: 3 (CMO + 2 marketers)
- **Operations**: 1 (COO)

## Series A Team Expansion (to 20 FTE)

- **Engineering**: +4 (AI specialist, mobile dev, DevOps, QA)
- **Sales**: +3 (Enterprise lead, partnerships lead, B2B sales)
- **Customer Success**: +2 (Enterprise support, user success)
- **Marketing**: +2 (Content specialist, performance marketer)
- **Legal/Compliance**: +1 (International expansion)

# Slide 14: Milestones to Series B

## 18-Month Series A Trajectory

### Q3 2026

- Launch Vastu & Feng Shui features
- Reach 150K MAU
- Achieve €75K MRR

### Q4 2026

- Launch premium consultation marketplace
- Secure 10 enterprise partnerships
- Achieve €100K MRR

### Q1 2027

- China market MVP launch
- Launch wearable API integration
- Achieve €150K MRR

### Q2 2027

- China market full launch
- Reach 250K MAU globally
- Achieve €200K MRR

### Q3 2027

- Launch B2B enterprise platform
- Secure 20 enterprise customers
- Achieve €250K MRR

### Q4 2027

- Launch data monetization product
- Reach 400K MAU globally
- Achieve €300K MRR → Series B ready

# Slide 15: Risk Factors & Mitigation

## Key Risks

**\*\*Market Risk\*\***: Astrology market perception

- **\*Mitigation\***: Scientific positioning, academic partnerships, clinical studies

**\*\*Regulatory Risk\*\***: Data privacy and GDPR

- **\*Mitigation\***: E2E encryption, privacy-by-design, compliance certifications

**\*\*Technology Risk\*\***: Algorithm accuracy at scale

- **\*Mitigation\***: Continuous validation, peer review, third-party audits

**\*\*Competition Risk\*\***: Big tech entry

- **\*Mitigation\***: Proprietary algorithms, data network effects, first-mover advantage

**\*\*China Expansion Risk\*\***: Cultural and regulatory barriers

- **\*Mitigation\***: Local team, local partnerships, gradual market entry

# Slide 16: Investment Ask

## The Opportunity

- **Proven Traction**: 100K MAU, €50K MRR, 4.8★ rating
- **Market Validation**: \$11.7B addressable market by 2030
- **Defensible Position**: Mathematical precision + dual-system matrix
- **Scalability**: AI-augmented, API-ready, enterprise-capable

## Series A Investment: €5M

- **Pre-Money Valuation**: €5M
- **Post-Money Valuation**: €10M
- **Equity**: 33.3% common stock

**Lead Investors Welcome** - Join us in building the future of personalized wellness.
